

Eliminate the use of the “p-word”

"Provider" is a term that many physicians take offense to its use. It's disrespectful and perjorative. The best solution is to show respect and use the term "healthcare practitioner" or "clinician" or the specific category (e.g., physician, nurse-practitioner, nurse) that is intended when referring to individuals. The roots of the term "provider" go all the way back to Nazi Germany - see <https://www.ncbi.nlm.nih.gov/pmc/articles/PMC8560107/> for more information.
