 - Arien Malec, Co-chair
 - Steven Lane, Co-chair

- 11:55 a.m.** **Public Comment**
 - Mike Berry, Designated Federal Officer, ONC

- 12:00 p.m.** **Adjourn**

HITAC Priority Uses of Health IT

- In general, the HITAC shall make recommendations to the National Coordinator for Health Information Technology on a policy framework for adoption by the Secretary consistent with the strategic plan under section 3001(c)(3) of the PHS Act, as amended for advancing the following target areas:

Use of Technologies that Support Public Health:
The facilitation of bidirectional information sharing between the clinical and public health communities

Privacy and Security:
The promotion and protection of privacy and security of health information in health IT

Interoperability:
Achieving a health information technology infrastructure that allows for the electronic access, exchange, and use of health information

Patient Access:
The facilitation of secure access by an individual and their caregiver(s) to such individual's protected health information

Please refer to full text of Charter for additional details

Interoperability Standards Workgroup Charge

Overarching charge: Review and provide recommendations on the Draft USCDI Version 3 and other interoperability standards

Specific Phase 2 charge:

Due

Identify opportunities to update the ONC Interoperability Standards Advisory (ISA) to address the HITAC priority uses of health IT, including related standards and implementation specifications.

June 16, 2022

History of the ISA

Andrew Hayden, Public Health Analyst, ONC

Review of Recommendations

Arien Malec, Co-Chair

Steven Lane, Co-Chair

Health Information Technology Advisory Committee

The Office of the National Coordinator for Health Information Technology

High Priority Topics on which ONC has requested WG Recommendations

- Lab Orders and Results (Arien/Steven)
- SDOH Standards (Mark)
- Proposed ISA system enhancements (Christina)
- eCR (Steven)

Upcoming Meetings

- May 24, 2022- Recommendation refinement
